- Anti-foam rinse system
- Number of detergent dispenser compartments: 4
- Child lock
- Feet: 4 adj feet
- Antiflood device with Aqua Control sensor
- ÖKOInverter motor: The lowest energy consumption with the highest efficiency and durability.

The UniversalDose drawer - puts extra power in cold and quick washes*

UniversalDose is a unique drawer designed for PODS® capsules that uses tailored waterjets to soften and pierce PODS® in the drawer, activating them 60% faster, compared to when placed in the drum. This gives extra power to stain removal in cold and quick 1-hour washes.*

Next-generation laundry. With My AEG Care app

Experience customised care by connecting laundry appliances to My AEG Care app. And utilise AEG expertise from anywhere. Set tailored programmes remotely, get cycle recommendations for your garments and receive notifications when your laundry is ready. Custom laundry care at your fingertips.

LESS IRONING. CLOTHES REFRESHED

These AEG washing machines use steam as a quick and easy way to refresh creased clothes so they're ready to wear. The short, gentle steam programmes safely remove odours and reduce creases in dry fabrics. Or you can finish your wash cycle with a gentle steam so clothes need little to no ironing.

Removes more than 99,99% of bacteria and viruses* from clothes

Our Swissatest-certified Anti-Allergy Vapour programme combines a wash and steam cycle to remove more than 99,99% of bacteria and viruses.* Washing above 60°C reduces allergens and ensures clothes become more hygienic and clean.
